**Emergency Contact**

Although we take every precaution to provide a safe boarding environment, due to the inherent stressful nature of being boarded, we cannot guarantee your pet will not get ill or be potentially exposed to a contagious disease. In the event my pet becomes ill while staying at the Colonie Animal Hospital, I authorize the attending veterinarian to examine and administer treatment as is considered therapeutically and/or diagnostically necessary. I also consent to the administration of such anesthetics, as are necessary and surgical procedures of an emergency nature.

I understand that the Colonie Animal Hospital will try to contact me prior to treatment should a medical and/or surgical care of an emergency nature be required.

I understand that any fees for examinations and medical treatment will be the financial responsibility of the pet owner and Colonie Animal Hospital will not be held liable for such treatment.

WE REQUIRE THAT DOGS BE CURRENT ON DISTEMPER, LEPTOSPIROSIS AND RABIES VACCINES PRIOR TO BOARDING AS WELL AS BEING CURRENT ON BORDATELLA (KENNEL COUGH) VACCINE WHICH IS REQUIRED EVERY 6 MONTHS. CATS MUST BE CURRENT ON RABIES AND DISTEMPER AND WE NEED TO KNOW THEIR FELV/FIV STATUS. DOGS AND CATS NEED TO HAVE A NEGATIVE FECAL TEST WITHIN 6 MONTHS OF BOARDING. DOGS NEED TO ALSO BE ON HEARTWORM PREVENTATIVE THAT TREATS INTESTINAL PARASITES. I UNDERSTAND IF MY ANIMAL HAS FLEAS, IT WILL BE TREATED AND THE COST WILL BE ADDED TO THAT OF THE ABOVE LISTED PROCEDURES. ANY MEDICATION TO BE ADMINISTERED MUST BE IN THE ORIGINAL CONTAINER OR PRESCRIBERS CONTAINER.

*\*If a bath is requested, it will be given the morning of departure. Please do not plan on picking up your pet before*

*I am if you request a bath.\**
